— FOR IMMEDIATE RELEASE—

VERONA, LOCATED IN HIGHLAND RANCH, SCORES GOLD FROM NAHB'S 2014 BEST OF 50+ HOUSING AWARDS

March 2014, Denver, CO — The National Association of Home Builders (NAHB) 50+ Housing Council recently awarded the prestigious top honor for “Best Attached Home” (up to 1,800 square feet) to Verona’s Porto Residence. NAHB announced winners during the International Builder’s Show (IBS), which showcases the latest trends in housing.

The council noted that homeowners are looking for homes and communities that are innovative and incorporate amenities that fit the lifestyle of their residents. Verona was chosen to receive the gold award as a community designed for low-maintenance living that succeeds in bringing distinctly stylish living options for people over 55. The Porto Residence in The Manors Collection at Verona offers all the benefit of an age-qualified community amidst a serene enclave with plentiful amenities near the Highlands Ranch area. The largest home of the Manors Residences, the Porto’s spacious floor plan was designed for entertainment while retaining a cozy home atmosphere for those more peaceful moments.

One of the many benefits of life at Verona is the trail on the High Line Canal adjacent to the community. As a community designed with lifestyle amenities in mind, The Porto takes full advantage of the beautiful landscape that surrounds the Verona property. A corner home full of light and windows, the rounded entrance of The Porto sets itself apart as the type of residence that reflects design quality and a visual display of outdoor vistas. Conveniently
